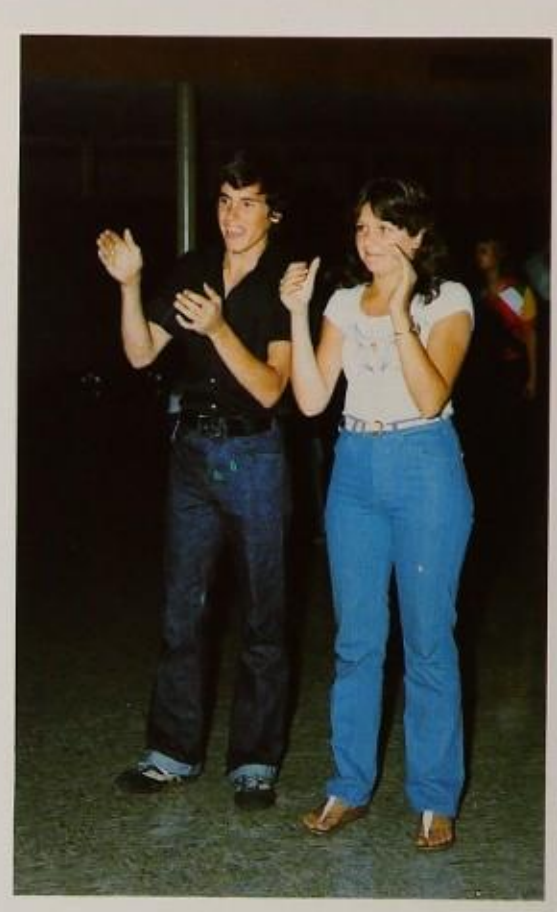
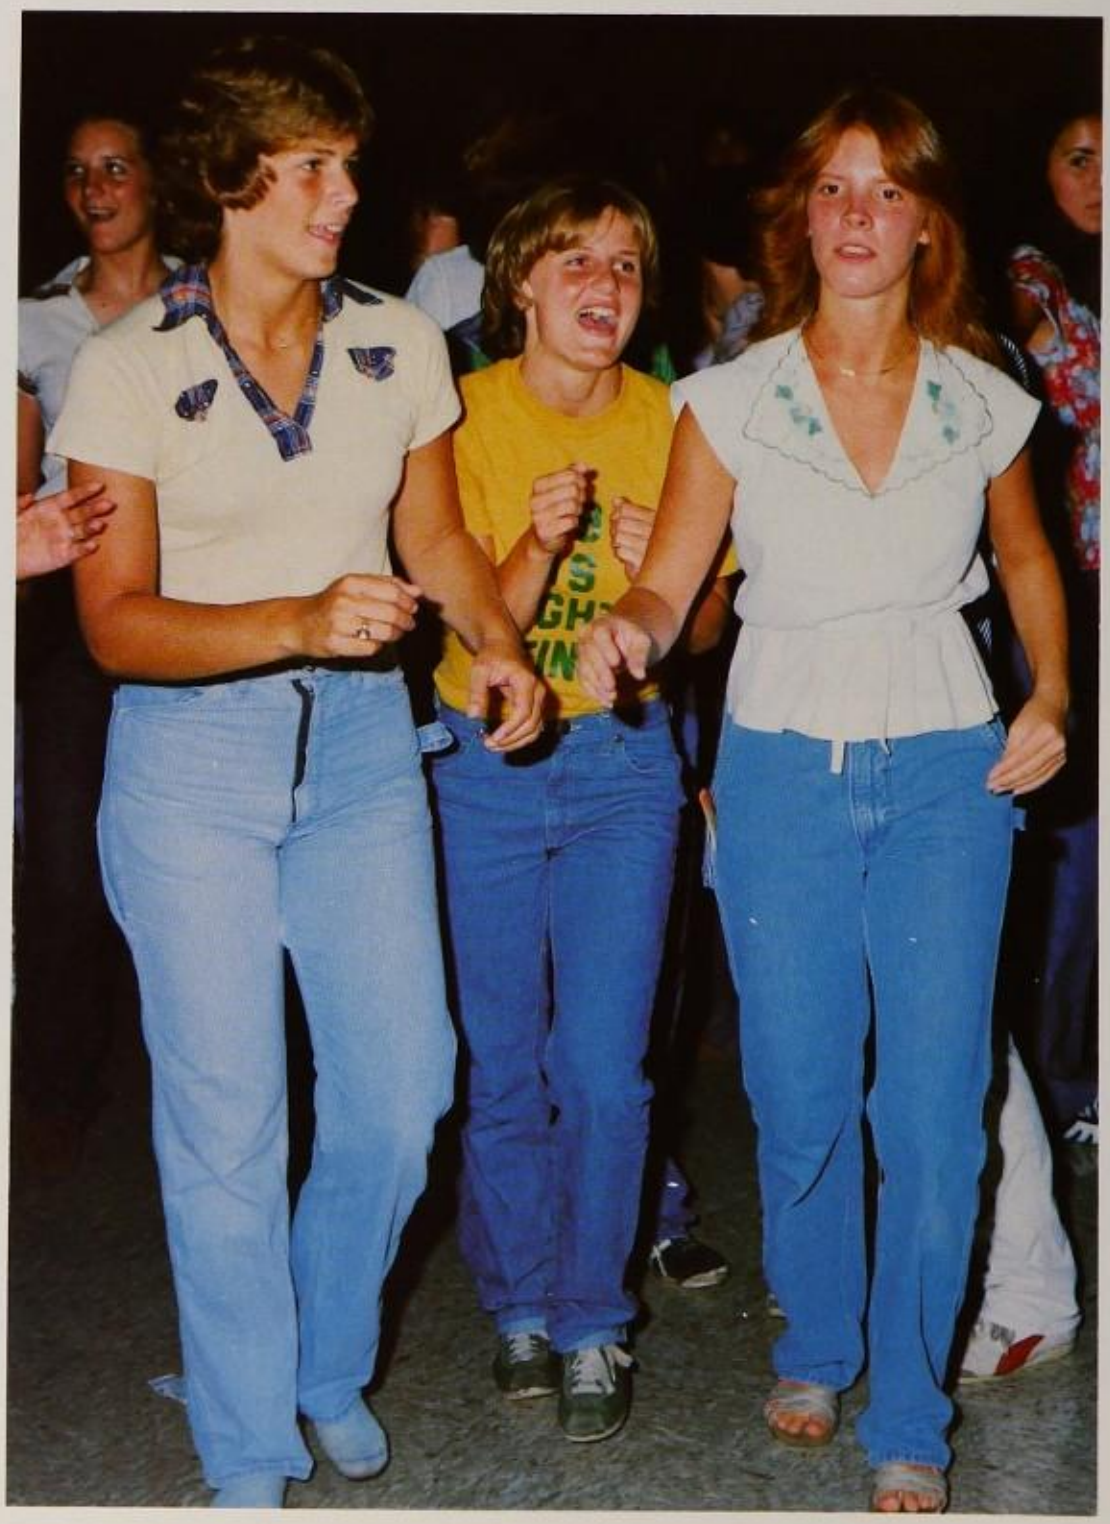
Back To School Dance Opens The '78-79 Year

The Fremd Back-To-School dance has become a traditional kick-off for the year's activities and this year was no exception. Dancing to the music of SYNOD, Fremd's favorite band, the Vikings got the year off to a great start.

This annual event is sponsored by the Fremd Student Council and is a fine way to get the student body back into the swing of things.





With eyes for each other, this couple enjoys the music.

Golfers Finish Challenging Season

It was at best a disappointing season for Fremd's Golf team. After a spectacular finish in 1977, many expected a repeat performance in 1978. But the breaks went against the Vikings and the team failed to qualify for the state finals.

Coached by Mr. Fiocca and Mr. Gellinger, the Vikings boasted respectable records against some fine competition and team members look forward to a strong 1979 season.

Viking Harriers Sweep Conference, Take 4th In State

In a traditional sense, the Viking Harriers did only what was expected of them this year. Sweeping the Mid-suburban Conference and taking fourth place in the State has gotten to be a habit for these Cross Country runners. However, the long and grueling hours which the team members put into their preparation for such honors are often forgotten by the fans.

"Uncle Dougie Elwell" reads "Twas the Night Before Christmas in the Library" to his assistants.

John Shaw pours some refreshments at the Christmas party while Bill Boyce fends off the attack of another marauder.

Psychology Club: Row 1: T. Russo, K. Rex, Mrs. Croft, Sponsor. Row 2: D. Cannon, P. Greco, Pres., K. Beres, T. Warren, K. Hanna, J. Weaver, P. Hoffbeck.

Psych Club Encourages Involvement

In its second year at Fremd, the Psychology Club, sponsored by Mrs. Croft, encourages its members to get involved in both school and community life. Among the year's activities have been visits to homes for the elderly in the area and a Christmas party at a local day care center. Club members try to involve themselves in many areas of community service.

Kathy Lee helps one of the children at the day care center during the Christmas party.

Miss Schulz, Fremd's Social worker, talks to the club about areas of involvement at school.

Even Mrs. Croft, Psych Club sponsor, helped out with the Christmas party.

High School District 211 Administrative Center

The Board of Education consists of seven members who are elected by the communities served by District 211. Each member has a three year term. Elections are held each spring.

Robert Creek has been Board president for nine years. Under his leadership, the Board has enacted several major changes for the students and staff of District 211. Two important changes are also the most recent: increasing the English graduation requirement to four units and implementing a testing program for minimum essential skills for the areas of mathematics and English. A recent survey indicates that these changes are in line with educational philosophy of the community and staff of District 211.

The Board of Education realizes today's high school students are tomorrow's resident and leaders. The students in District 211 are offered the opportunity to receive the best education available for these roles.

District 211 Board of Education: Seated: Anne Koller, Robert Creek, President, and Anna Countryman. Standing: Robert Seger, Jean Fisler, Andrew Kaplan, student representative, Conant High School, Jody Albrecht, Richard Gillette.

The District Administrative Center is the site of many meetings which contribute to the smooth operation of District business. Among the various committees meeting at the Center is the district administrative team which meets each Wednesday. This group, made up of the five school principals, is called the Administrative Council and is chaired by Superintendent Kolze. The council discusses policies which affect staff and students throughout the District.

Thomas Hillesheim, principal of Hoffman Estates High School, makes some notes during a Council meeting.

Dr. Stanley Smith addresses the Administrative Council on the results of the district's 1978-79 survey of parents, students, teachers and administrators.

The District 211 central maintenance staff is responsible for building and ground maintenance and landscaping. Above, Robert Wright, director of custodial and maintenance services, discusses with Robert Mulley, maintenance staff member, the Delta 1000 Energy Monitoring System which regulates and operates the heating systems throughout the district's schools.

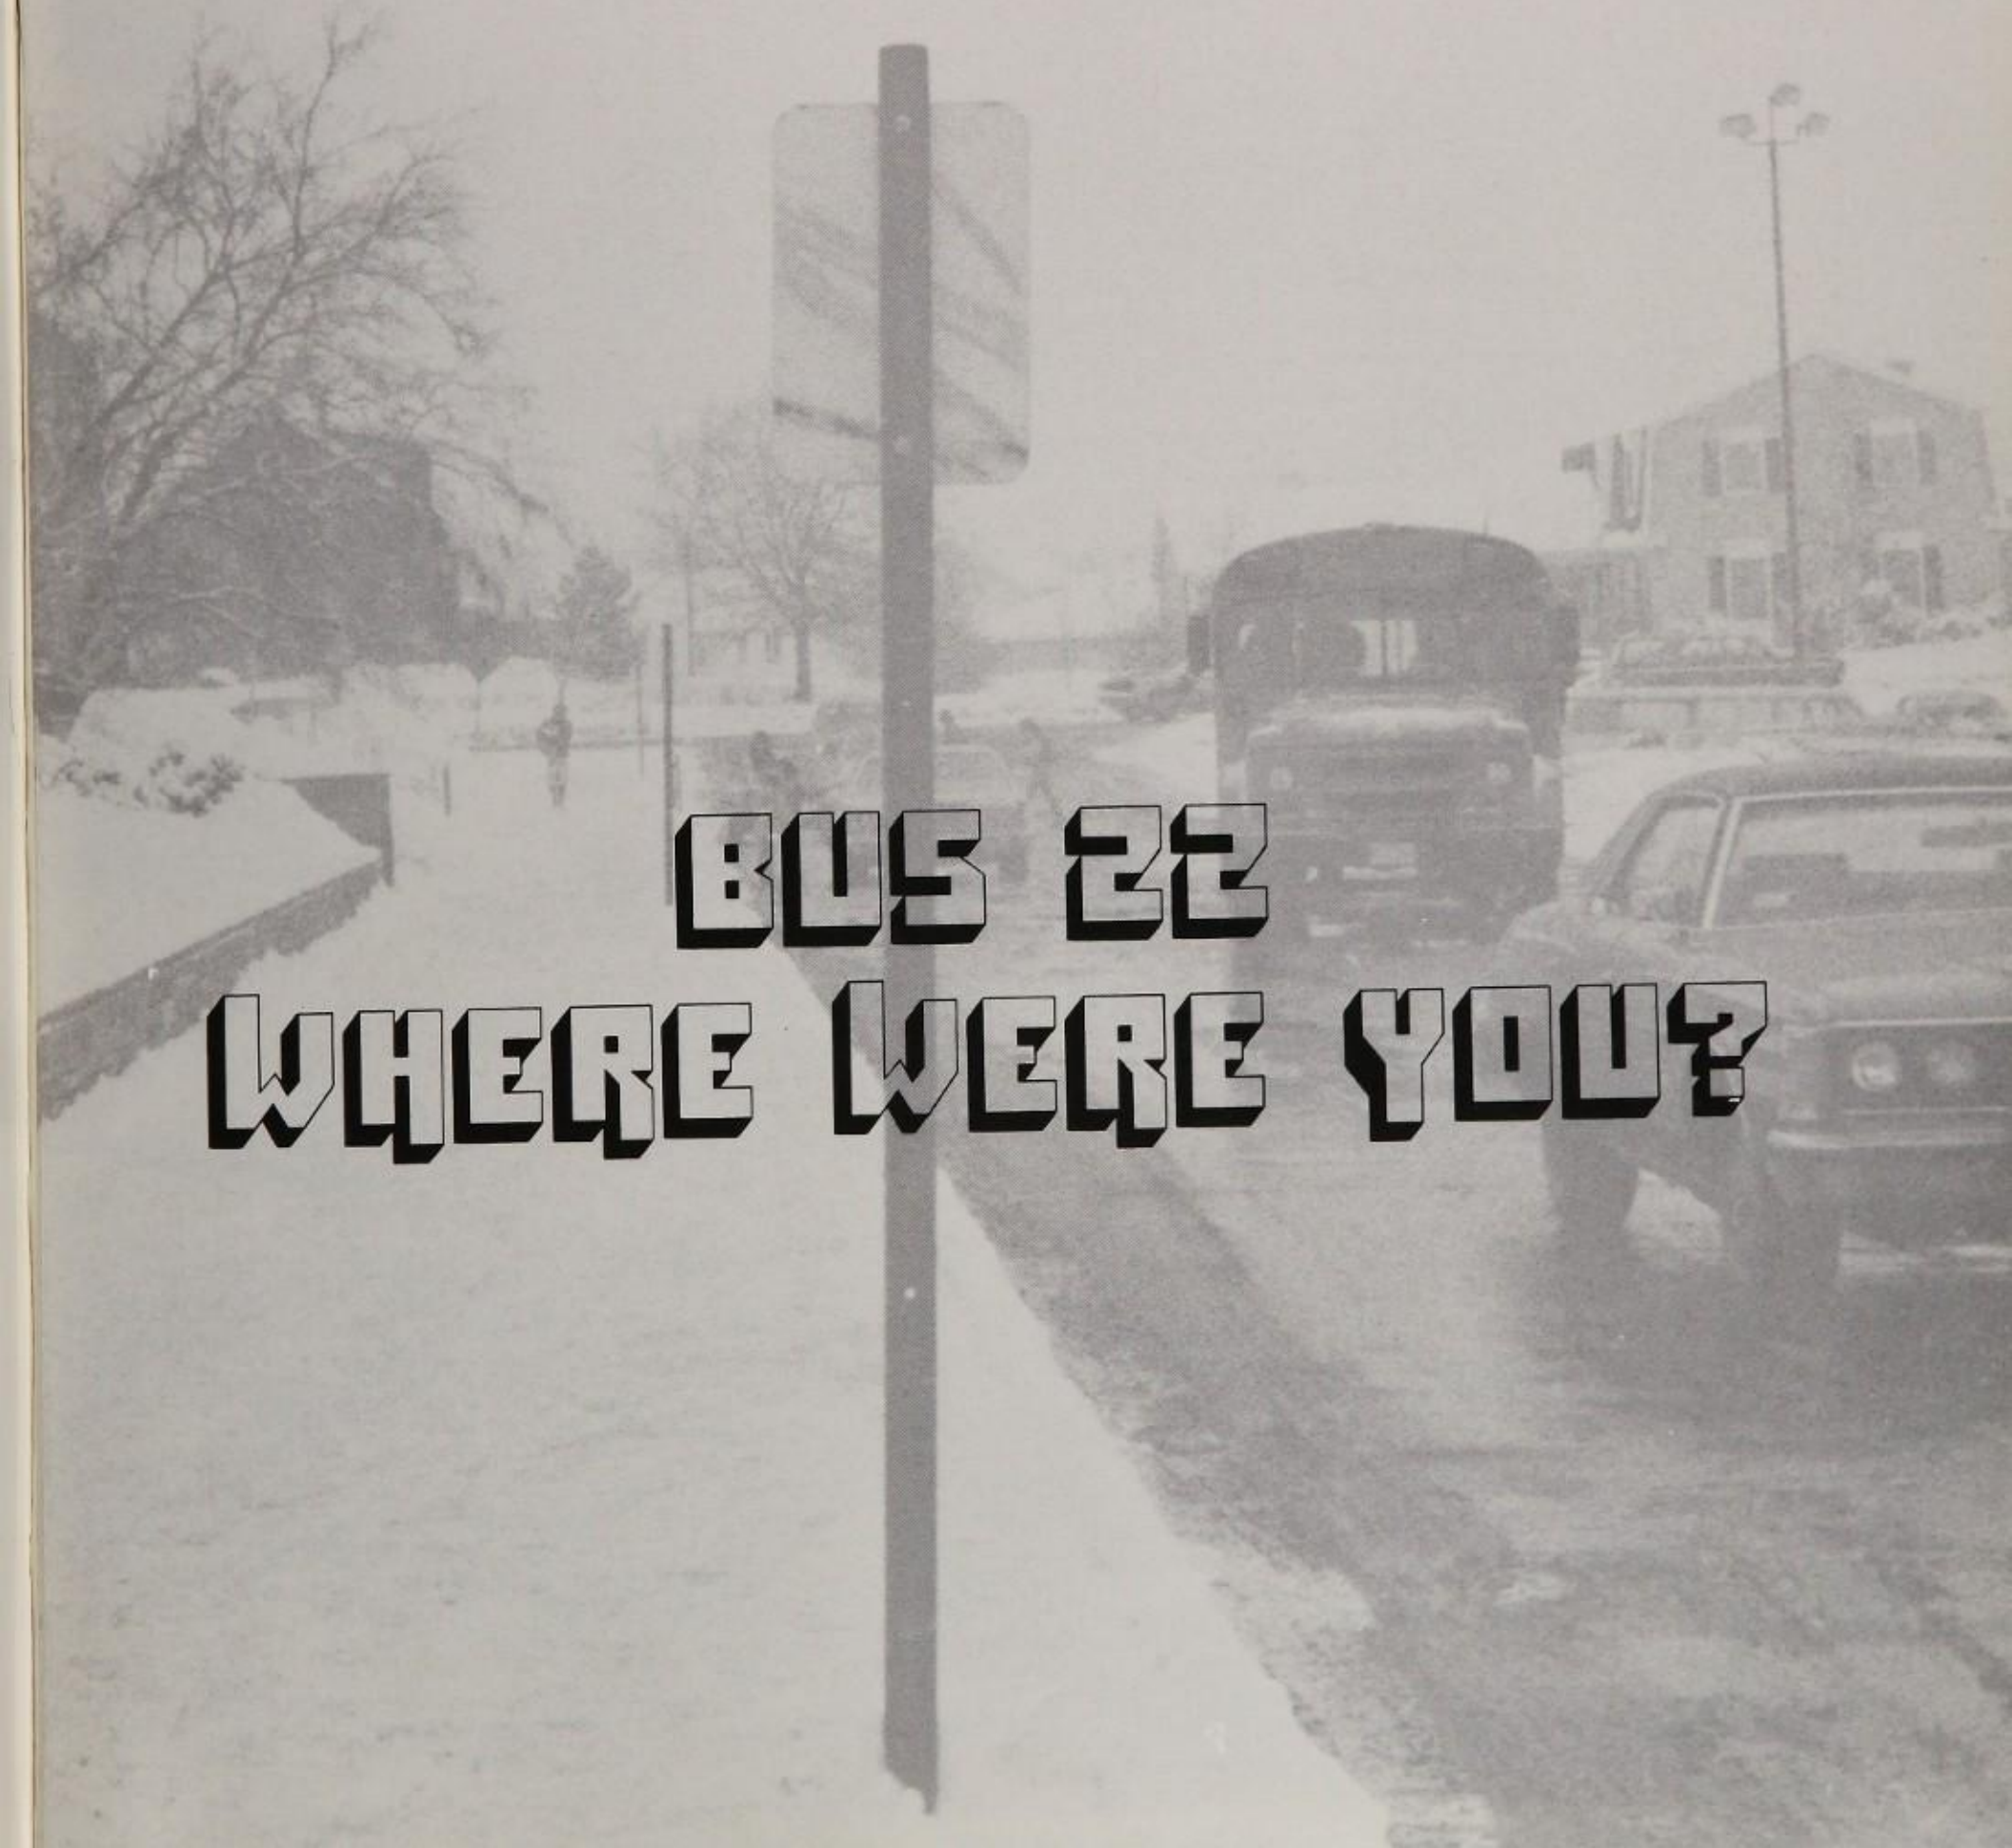
The Biggest Mystery Of The Blizzard Of 1979 Was . . .



This is Viking Country—From a glance a person could pick out various qualities, good and bad, that Fremd portrays, but no outsider could truly know the atmosphere of spirit and pride that can be found within the people of Fremd High School.

From the moment each of us of the Class of '79 entered high school as bright-eyed freshmen filled with anticipation up until that long awaited recessional march after graduation, four years of our lives have passed. Four years. Whether we would like to admit it or not, these four years definitely have had an impact on our lives. There have been fun times, serious times, happy times and sad times. While at Fremd we have not only learned about the world through our classes, but we have learned how to cope with it through our relationships with each other. Most importantly we have learned how to better cope with ourselves.

In putting together this yearbook we have spent long hours in drawing layouts and choosing pictures. A yearbook could not possibly cover every event in a year, but we've done our best to make this a yearbook you will value now and in years to come.

I would deeply like to thank the yearbook staff for all of their unending support, hard work and especially their friendship which made the work seem easier as well as fun. I would also like to thank Mr. Mike Hackleman and Tuula Mills of Josten's/American for all of their help. The staff, administration and students of Fremd, who really make this 1979 yearbook important, also deserve many thanks. My special thanks and appreciation go to Mrs. Michel for her much needed guidance and understanding in every situation—thanks, it was deeply appreciated by us all.

As the last graduating class in the 1970's makes its exit, this Class of '79 leaves behind it a tradition of excellence which will undoubtedly be carried on in years to come.

Viking Country—yes, it is a place, but more importantly it is a people, a special kind of people. After graduation the Class of '79 will be separated, but only in distance. Viking Country will remain with us forever, for it is something that neither time nor distance can ever take away from us.

Dale -

I hate to soil the virgin pages of this year-book, but we must remember the time we had in gym class. Schonfeld did get his revenge. Too bad. Maybe someday you'll get the engine in your Mustang. Well good luck in your future doings. Have a good summer, and don't get busted.

Tim Ballm

P.S. We'll have to get together this summer. Give me a call if you have some free time. My number is 359-0720.
